SHIP GENERATORS, MOTORS TO USSR CONSTRUCTION PROJECTS

RECEIVE FIRST GENERATOR AT TSIMLYANSKAYA GES SITE -- Kiev, Pravda Ukrainy, 1 Jul 51

The first train carrying the basic units of Generator No 1 has arrived at the Tsimlyanskaya GES site. The units will be inspected and assembled into larger aggregates at specially equipped bases.

COMPLETES THIRD GENERATOR EARLY -- Moscow, Trud, 1 Sep 51

The Leningrad Elektrosila Plant has completed the third generator for the Tsimlyanskaya GES project ahead of time. The first generator took 2 months and 20 days to build; the second, 2 months; and the third, one month and 18 days.

BUILDS POWER UNITS FOR WORKERS' SETTLEMENTS -- Yerevan, Kommunist, 20 Jun 51

The Likino Machine-Building Plant has shipped its regular consignment of portable electric power units to Kakhovka, to be used for supplying electric power for the illumination of workers' settlements. The technological /construction/ cycle for these units has been reduced to 100 hours, and the assembly time reduced in comparison with last year. This has enabled the plant to build several PES-60 power units above the plan. All units were shipped to the projects ahead of time.

SHIPS GENERATORS TO PROJECTS -- Moscow, Trud, 24 Aug 51

The Tambov Revolyutsionnyy Trud Electrical Machine-Building Plant has shipped 20 ZhES-39 and ZhES-65 electric generators to the Stalingrad GES project, six to the South Ukrainian Canal project, and 10 to the Kuybyshev GES project.

BUILDS ELECTRIC MOTORS FOR PROJECTS -- Moscow, Trud, 3 Jun 51

The Mogilev Metalworking Combine has completed orders for electric motors for the Volga-Don and Main Turkmen Canal projects, and has just received a new order from the Kuybyshev GES project.

FILLS ORDERS FOR PROJECTS -- Moscow, Pravda, 10 Jun 51

The Tallin Vol'ta Plant has filled 14 orders for the projects, all ahead of time.

Tallin, Sovetskaya Estoniya, 12 Jul 51

The Tallin Vol'ta Plant has received orders for electric motors up to 100 kilowatts for the Volga-Don Canal project, to be filled by 15 August.

A competition has been initiated in the shops to complete the 7-month program for commodity production by 21 July.

OFFER ELECTRIC MOTOR REPAIR SERVICE -- Alma-Ata, Kazakhstanskaya Pravda, 29 Jun 51

Alma-Ata Electrical Repair Section No 5 of Tashkent Plant No 8, Ministry of Electrical Industry USSR, is accepting orders for the repair of electric motors, generators, and transformers of all kinds. Repairs will be carried out by skilled specialists, and all necessary materials are available.

Charges will be made according to price list No 18, Ministry of Electrical Industry USSR, confirmed by decree No 5847 of the Council of Ministers USSR on 27 December 1949, and according to rates set by the Ministry of Electrical Industry USSR.

Large machines will be repaired at their place of installation by special traveling brigades. Electric motors and generators up to 100-150 kilowatts must be brought to Section 5 at this address; Alma-Ata, ulitsa M. Gor'kiy, corner of ulitsa Mechnikov, 145.

Orders for the repair of large machines and transformers should be sent to Section No 5 at the above address or to Tashkent Plant No 8, ulitsa Matrosskaya, 114, in Tashkent. Telephone No 88-71. -- Advertisement
